### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eric Robinson (Reg. No. 38,285) on 05/14/2009.

The application has been amended as follows:

In Claim 4, line 1, after "to" delete [any one of].

In Claim 4, line 2, after "claims" add --claim--.

In Claim 4, line 2, delete [claims].

In Claim 4, line 2, after "1" delete [to].

In Claim 4, line 2, after "1" add --or--.

In Claim 5, line 1, after "to" delete [any one of].

In Claim 5, line 2, after "claims" add --claim--.

In Claim 5, line 2, delete [claims].

In Claim 5, line 2, after "1" delete [to].

In Claim 5, line 2, after "1" add --or--.

In Claim 6, line 1, after "to" delete [any one of].

In Claim 6, line 2, after "claims" add --claim--.

In Claim 6, line 2, delete [claims].

In Claim 6, line 2, after "1" delete [to].

In Claim 6, line 2, after "1" add --or--.

In Claim 9, line 1, after "to" delete [any one of].

In Claim 9, line 2, after "claims" add --claim--.

In Claim 9, line 2, delete [claims].

In Claim 9, line 2, after "1" delete [to].

In Claim 9, line 2, after "1" add --or--.

The following is an examiner's statement of reasons for allowance:

Claim 1 now recites "a first panel-(3) provided on the front face side of the housing, an operation section (3a) being provided on one face of the first panel, a second panel (4) provided behind the first panel and interlocked with the first panel, a display section (4a) being provided on one face of the second panel," and "wherein the first panel and second panel are interlocked with each other so as to be able to rotate about rotation axes (3r, 4r), and when the first panel and second panel are received in the housing side, the first and second panels are vertically juxtaposed in standing in front of the housing with the operation section of the first panel and the display section of the second panel being faced to each other". This combination of elements along with the surrounding claim language is not found in the prior art of record and thus

Art Unit: 2835

makes claim 1 allowable over the prior art of record. Claims 2-6, 8, and 9 depend on claim 1 and are also therefore allowable over the prior art of record.

The newly amended claim cites the interlocking between panels and that such interlocking is the cause of a specific rotation of the panels to a vertical juxtaposed position with the panels facing each other. Even were the prior art references cited in the previous action combined for multiple rotatable panels, there would lack a teaching of the panels interlocked in such a manner to cause the particular claimed rotation..

Examiner has performed an assignee and inventor search to identify possible double patenting issues. No documents with conflicting claims have been found.

### ***Conclusion***

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
